Subject: Hurricane Debris Being Off Loaded in Front of Homes in Port Arthur

Janetta,

As discussed. During a visit with Hilton Kelley in Port Arthur on today, 9/17/17, we saw trash haulers off-loading Hurricane debris across the street from houses at the corner of 19th and Nashville. In the 15-20 minutes that we were there at least 3 dump trucks arrived to offload trash and 2 double layer trash haulers were unloaded. Hilton Kelley contacted Dr. Thomas Kinlan, (409-543-2833) Councilman of District #3, who met us at the location. Councilman Kinlan called the city manager who said that it was a permitted location and had been approved by TCEQ and the city. Councilman Kinlan informed us that he was unaware of the permit and that the Council had not voted to allow the permit. Councilman Kinlan said that he would bring it up at the council meeting tomorrow.

Thanks
